Kei Tua o te Pae: Assessment for Learning. What difference are the Exemplars making?

This year we are running a series of **one day** workshops throughout New Zealand. These workshops will provide an opportunity to hear from those who have been involved in the **Early Childhood Exemplars *Kei Tua o Te Pae***, over the past five years. We will share key messages of the resource and teachers' stories of their assessment journeys. Part of the day will be spent on work that has developed out of learning stories, specifically work that has evolved into 'planning stories'.
